A Revolution in Health Care...

Experience a hassle-free approach to opening your own clinic today!

We are a team of professionals dedicated to helping you grow your practice. The Jack Nathan Health team is focused on service excellence and delivering results.

How does a turn-key service work?

Jack Nathan Health manages the following services for you for a seamless delivery of your customized clinic:

Construction Management

Our Construction Project Managers apply and integrate comprehensive project controls to manage the critical issues of time, cost, scope, quality and safety.

Marketing and Communications

Our professional marketing services work directly with clinics in the design and development of all clinic marketing and communications material and initiatives.

Technological Infrastructure

Through our partnership with Network Telecom Services (NTS), fast and reliable information technology and telecommunications solutions are provided.

Mass Med Media

Commercial-grade HDTVs are installed in all clinics with proprietary software that centrally manages content.

Medical Equipment and Supplies

Through our strategic partnerships we identify needs and ensure all clinics have the right tools to deliver the required services patients need for healthy living.

Administrative and Operations Support to Clinics

We provide high level administrative and operations support from Head Office to clinic partners.

What does a turn-key clinic include?

Key design features and services include:

- ✓ Highly accessible and visible entrances, including separate exterior entrances (most clinics)
- ✓ Welcoming reception desk
- ✓ Bright, comfortable waiting area
- ✓ Strategic locations within Walmart
- ✓ Modern and accessible rooms
- ✓ Digital media programs and advertising
- ✓ Beautiful clinic wall art
- ✓ Customized reception signage
- ✓ Ergonomically optimized working spaces
- ✓ Barrier-free access including wide hallways, exam rooms, and no steps or stairs

About Jack Nathan Health...

JACK NATHAN HEALTH is a privately owned and operated Canadian company founded in 2006 with headquarters in Mississauga, Ontario, Canada, and is dedicated to improving access to health care by delivering consistent, quality care, in state-of-the-art medical and dental clinics within the communities in which people live. At Jack Nathan Health, it is our mission to be a leading patient-centric health care provider, that utilizes cutting-edge technology and highly qualified medical expertise, to improve outcomes and quality of care for Canadians.

OUR VISION is to be one of the leading integrated primary health care providers in Canada.

OUR VALUES represent the philosophy and beliefs of our organization, guiding all of our decisions and actions. At Jack Nathan Health, our values center on the quality of patient care. Collectively, our values highlight who we are as an organization and, more importantly, who we are as a patient care provider.

OUR CORE VALUES

Integrity • Excellence • Teamwork • Respect • Compassion • Innovation • Diversity • Collaboration
